MEXICO GUN PERMITS

Bringing your own guns into Mexico is not a problem at all - and fairly easy to do (contrary to popular belief!)

- In Mexico, you can bring in two long guns - either one rifle and a shotgun – or two of each.
- You can only bring in 100 rounds of ammo per gun.
- Only one permit per person is allowed.
- Rifles calibers must not be larger than a 32. Cal. (8mm) and shotgun calibers must not be larger than a .12 ga. Rifles chambered in .22 and .223 calibers are not allowed.
- Gun check in & out can take from 20 mins - 1 hr. Please plan travel accordingly.

MEXICO GUN PERMIT PROCESSING:

In order to process your gun permit in a timely fashion, we need you to provide us with the following information and documents at least 30 days before event date:

- **\$205 USD** processing fee (per application)
- **Copy of your U.S. passport (front & back)**
- **Completed application** (attached)
- **Firearm details** — brand, model, caliber, and **serial number** (please triple-check the serial number)

EMAIL ALL ITEMS ABOVE TO: joey@tx-at.com / dpbanuet@itecnos.com.mx

GENERAL INFORMATION

WE RECOMMEND USING MONTERREY INTERNATIONAL AIRPORT AS THE ENTRANCE TO MEXICO, WHERE WE WILL HAVE TRAINED STAFF TO HELP YOU WITH THE CUSTOMS AND FIREARMS IMPORTATION.
